Meet

Experience seamless video conferencing with your favourite software and hardware on a high-quality, crystal-clear screen.

Simplify your meeting room setup and enjoy productive meetings that facilitate engaging collaboration with the Classic S4.

Collaborate

Unleash your creativity with the Classic S4 premium whiteboard. Enjoy the freedom of bringing your ideas to life like never before. Annotate anywhere. Highlight, draw and write over any content or app.

Whether you prefer to use a stylus or your finger, the premium whiteboarding tools mean it's never been easier to brainstorm, plan, collaborate and share.

Present

Engage the room with vibrant and crystal-clear visuals on the CommBox 4K screen. Use annotation tools to highlight key points or apps such as Picture-in-Picture and Split Screen, to share additional content simultaneously.

Streamline processes with the flexibility to present directly from the screen or via CommBox Connect, allowing you to share content from your own device.

Educate

Plan classroom schedules and encourage student collaboration with education aligned apps, random selector Spinner, Class Rewards, Inspirational Quotes, Geography Lessons, Literacy Learning and more...

Ideate

With the infinite Whiteboard, classroom ideation, communication and creativity is endless. Personalise your education workflow and even record your lessons for future use as you build your interactive educational content.

S4

COMMBOX OS

The user-friendly CommBox OS interface enhances the collaboration experience by providing a seamless and personalised environment for users to work together effectively in meeting and learning spaces.

Tools

CommBox is passionate about classroom innovation and making teaching easier. The Classic S4 comes with many built-in interactive tools, including the ones designed and developed by us, in collaboration with the CommBox Crew.

Accounts

The Classic S4 CommBox Accounts feature, allows educators to securely log into their Microsoft or Google accounts. Access files directly from OneDrive or Google Drive, and easily share them with the room. Accounts also allows personalisation of the screen, so educators can create a custom workspace tailored to their needs.

Manage

CommBox Manage means you can easily manage your devices remotely, saving you time and hassle.

From troubleshooting to updating software, reporting or monitoring usage, CommBox Manage gives you full control over your screen and devices.

CommBox Manage is user-friendly and intuitive, so you can easily manage your devices, no matter where you are.

Personalise

Log into your Microsoft or Google account on the Classic S4 for secure access to your personal account.

Access files directly from your OneDrive or Google Drive, and easily share them with the room.

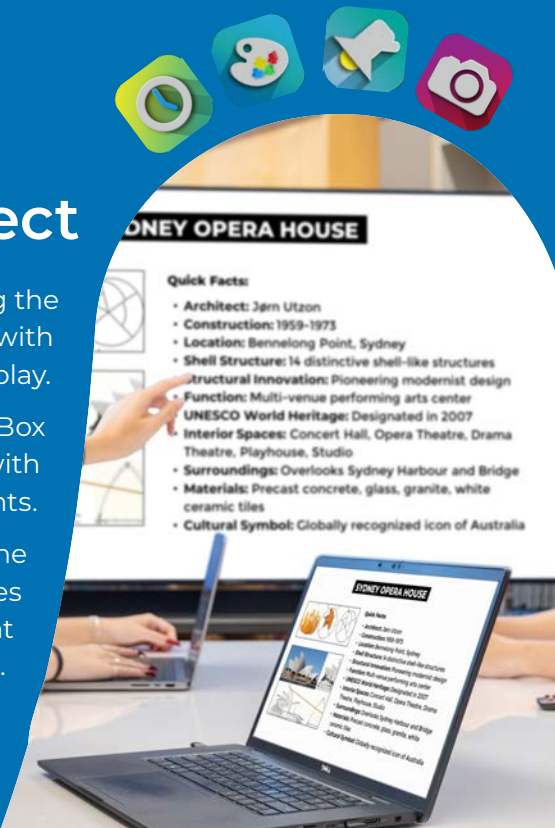
Personalise your home screen and sidebar to create a custom workspace tailored to your needs.

Connect

Connect any device to the screen using the CommBox Connect app via Miracast with Touchback, Chromecast or Airplay.

Seamlessly share content using CommBox Connect, and collaborate instantly with colleagues, clients, and students.

Whether in the meeting room or the classroom, CommBox Connect makes presenting and sharing convienant and accessible.



Introducing the **COMMBOX SENSOR BOX**

The perfect companion for CommBox Classic S4 screens.

Elevate security through PIN-protected two-factor authentication during device registration. A simple screen tap grants instant access to your personalised home screen, sidebar, and cloud storage on OneDrive or Google Drive.

Additionally, our innovative Environment App allows users to monitor room environmental indicators such as temperature, humidity, particles, and CO_2. Elevate your interactive experience with CommBox technology.

The CommBox Sensor box enhances the functionality of CommBox interactive screens by seamlessly integrating NFC (Near Field Communication) support into CommBox OS (Operating System).

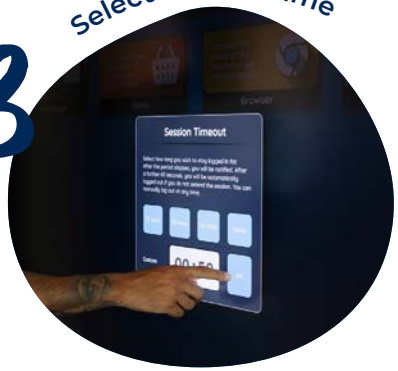
Quick tap on and off the screen for instant access to a personalised home screen, sidebar, and cloud storage (OneDrive or Google Drive).

Use the Environment App for monitoring room environmental indicators (temperature, humidity, particles, and CO_2).

1 Tap your NFC Card

2 Enter your Pin

3 Select session time



CommBox SLOT-IN-PC

Turn your CommBox into a large screen PC and leverage the power of Windows 10 or 11 on your interactive touchscreen or smart display

Powerful Featues

12th Gen Intel® Core™ (13th Gen coming soon), Intel® Iris Xe Graphics Compatible with 65” screens and above.

CommBox ANDROID BOX

Add Google Workspace to any CommBox screen with CommBox Android Box. Powered by Android 13, and certified by Google, experience the Google Playstore, Youtube, Google Apps like Sheets and Docs natively on the interactive screen.

THE COMMBOX EXPERIENCE

At CommBox, we believe that the experience is just as important as the product itself. That's why we offer the CommBox Experience, an unparalleled level of care and support that sets us apart from other screens.

The CommBox support team is available to help you every step of the way, providing expert training, guidance and troubleshooting whenever you need it. We even guarantee a same-day response if you get in-touch before 3 PM AEST. Plus, with our 5-year warranty, you can rest easy knowing that your investment is protected.

We're committed to ensuring that you have the best possible experience with our products, and we're always here to help you get the most out of your screen.

Take advantage of the CommBox Experience by bringing all your display technology under the CommBox umbrella. Provide your users with a consistent screen UI experience to increase adoption and manage all your devices in one central location with CommBox Manage.
