Make a Big Impact:

Combine multiple LED Banners to create a larger, dynamic display that captures attention and engages viewers.

Control From Anywhere

With intelligent remote control, you can easily schedule and send images, videos, and playlists to any screen from any location.

Crystal Clear Display:

Experience vibrant, high-quality visuals that remain bright even in direct sunlight, ensuring your message is always visible.

Lightweight and Portable:

The CommBox LED Banner is easy to maneuver and comes with a secure road case for hassle-free transport, making it perfect for mobile setups.

Versatile Mounting Options:

Whether mounted on the wall, hung, or placed on the floor, these banners are designed to maximise impact in any setting.

Built to Last:

With robust hardware and a durable design, the CommBox LED Banner is built to withstand the demands of frequent use.

The CommBox LED Banner is designed to revolutionise how businesses communicate and engage with their audience. With an ultra-slim, integrated design, these banners seamlessly fit into various settings, from retail stores and exhibitions to educational and business environments.

The sleek and modern aesthetic, combined with powerful LED technology, ensures that your content stands out, capturing the attention of anyone who passes by. Instantly showcase vibrant signage and messaging, effortlessly transitioning from one location to another with easy mobility.

One of the standout features of the CommBox LED Banner is its versatility in installation. Whether you need to mount it on a wall, hang it from the ceiling, or place it on the floor, this display adapts to your specific needs. For those looking to create a larger visual impact, multiple banners can be clustered together to form expansive, dynamic displays. This flexibility makes it an ideal choice for businesses of all sizes, allowing for easy adaptation to various environments and display requirements.

Control and convenience are at the heart of the CommBox LED Banner's design. With intelligent remote control capabilities, you can schedule images, videos, and playlists, and send content to any CommBox LED Banner screen from anywhere. The high-resolution LED technology, available in 2K options, delivers crystal-clear visuals, with adaptive brightness that maintains visibility even in direct sunlight. This makes the banners perfect for both indoor and outdoor use, offering unparalleled clarity and vibrancy.

Built for durability and ease of use, the CommBox LED Banner is lightweight and portable, coming pre-assembled in a secure road case for easy transport. This makes it ideal for events and exhibitions where quick setup and mobility are crucial. With robust construction and a 2-year warranty, you can trust that your investment in CommBox LED Banners will provide lasting value and performance, transforming how you display and communicate your brand. Elevate every space with the brilliance of CommBox LED Banners, and make a lasting impression on your audience.
