Space-saving Design for Classrooms

The open and sleek design supports 32 mobile devices up to a 14" and provides a rubber topped surface for additional space usage.

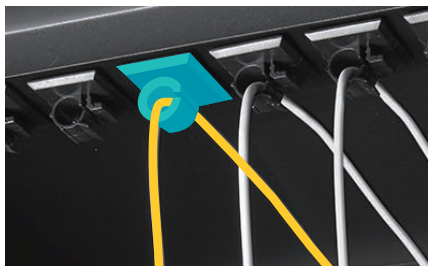

Smart Cycle Charging Technology

The E32c provides an even device charging cycle that automatically regulates charging between each row of devices.

Durable Protection

The solid steel construction and 2-point steel locking mechanism of the E32c provides durable device protection, keeping devices safe from theft and damage.

Streamlined Cable and Power Management

Protect classroom devices from circuit overloads without any program setup. Tablets, laptops, and Chromebooks can be stored with ease and are perfectly safe while charging.
