

## The Jabra Engage 75 Engineered to be the world's most powerful professional wireless headsets\*

**The Jabra Engage 75 is an entirely new class of DECT wireless professional headsets engineered to boost customer satisfaction.**

**Industry-leading professional wireless performance. Better customer connections.**

Provides superior wireless connectivity to a range of up to 150m/490ft, enabling up to 3x more users to operate in the same office space – with no loss in connection quality.<sup>1</sup>

**Crystal-clear calls. Enhance the customer experience.**

Advanced noise-cancelling microphone and enhanced speakers deliver crystal-clear calls even in noisy offices. Meets Skype for Business Open Office requirements.<sup>2</sup>

**More talk time, less interruption. Increase productivity.**

Up to 13 hours talk time<sup>3</sup> and a busylight to deter interruptions.

**Any call, from any device. Increase availability for calls.**

Connect to up to five devices simultaneously. Can connect to 2 USB devices (softphone and/or desk phone<sup>4</sup>), 2 Bluetooth® devices and 1 analog desk phone.

**Choice of wearing styles. Support different workstyles.**

With stereo, mono and lightest-in-category convertible models.

**Rich call analytics.<sup>1</sup>**

Drive customer satisfaction with data driven decisions.

## Getting started

First, connect the desk phone and PC cables to the base. For information on your specific phone, refer to <http://www.jabra.com/compatibilityguide>

## Connect to power

Then plug the base into a power supply, and then scroll to the Setup Wizard in the menu. The Setup Wizard will help you connect to your computer, smartphone, or desk phone.

## How to use

### Base Unit

### Stereo and Mono

### Convertible
