

**SECTION 1 Identification of the substance/mixture and of the company/undertaking**
**1.1. Product Identifier**

 Name **STICK COLOR (Poster solid paint)**
**1.2. Relevant identified uses of the substance/mixture and uses advised against**

Identified uses School and hobby crafts use

Uses advised against Unknow

**1.3. Details of the supplier of the safety data sheet (manufacturer, importer, only representative, downstream user, distributor)**

 Supplier name **CORIADIS**  
 Supplier adress & phone 785, rue des Hauts Champs  
 76170 LILLEBONNE – France  
 Ph. +33 (2) 35 38 74 58  
 Fax +33 (2) 35 31 95 40

 Email of relevant person **contact@ocolor.eu**
**SECTION 2 Hazard identification**
**2.1 Classification of the substance or mixture:**

Classification: No hazard classification according to the EU Directives 67/548/EEC, 1999/45/EC, to the Regulation (EC) No. 1272/2008 and to the national legal regulations.

**2.2 Label elements:**

Labelling: No labelling according to the EUDirectives 67/548/EEC, 1999/45/EC, to the Regulation (EC) No. 1272/2008 and to the national legal regulations.

**2.3 Other hazards:**

Physicochemical hazards: Non inflammable solid, product may burn on heating.

**Human and environmental hazards:**

Inhalation: Material cannot be inhaled.

Ingestion: Not toxic.

Skin contact: Not irritating.

Eye contact: May cause slight irritations.

Carcinogenicity: IARC: not covered, NTP: not covered, OSHA: not covered.

Other hazards: Not known. --

**SECTION 3 Composition / informations on ingredients**
**3.1 Substances:** not relevant.

**3.2 Mixtures:**

Product description: Liquid aqueous mixture of organic compounds.

**Ingredients CAS # Wt%**

Water 7732-18-5 67.3%

Glycerol 56-81-5 10%

polydimethylsiloxane 63148-62-9 0.1%

Ethyl

4-hydroxybenzoate 120-47-8 0.1%

Stearic acid 57-11-4 17.2%

TitaniumDioxide 13463-67-7 5

Methenamine

3-chloroallylochloride 4080-31-3 0.3%

#### SECTION 4 First aid measures

##### 4.1 Description of first aid measures:

General advice: Remove contaminated clothes. On danger of unconsciousness place victim stable in side position for transportation. On complaints and symptoms take care of medical treatment.

On inhalation: None required, material not respirable

On skin contact: None required

On eye contact: Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Medical aid on complains.

On ingestion: Wash mouth out with water and let drink 1 to 2 glasses of water. Medical aid on complains.

##### 4.2 Most important symptoms and effects, both acute and delayed:

Refer to section 2.3.

##### 4.3 Indication of any immediate medical attention and special treatment needed:

Medical advice: Not toxic. On complains treat symptomatically and supportively.

#### SECTION 5 Fire-fighting measures

Suitable extinguishing media: Carbon dioxide, water spray, foam and powder.

Unsuitable extinguishing media for safety: Water jet.

##### 5.2 Special hazards arising from the substance or mixture:

Specific hazards by product, Nonflammable solid, product will burn if heated. Decomposition gases and vapours, carbon

combustion products or gases: monoxide and carbon dioxide, nitrogen oxide and hydrogen cyanide.

##### 5.3. Advice for fire fighters:

Special protective equipment: Use pressure air respirator at low aeration and in closed rooms. On extreme conditions

chemical protection suit might be necessary.

#### SECTION 6 Accidental release measures

##### 6.1 Personal precautions, protective equipment and emergency procedures:

In case of insufficient ventilation, wear suitable respiratory equipment

##### 6.2 Environmental precautions:

Avoid release to the environment. Do not empty into drains.

##### 6.3 Methods and material for containment and cleaning up:

Rinse the residues away with water. Incineration and disposal of the waste are to be according to local regulations.

Contaminated empty containers must be disposed as a chemical waste

##### 6.4 Reference to other sections:

Refer to section 8 – personal protection, and section 13 – disposal considerations.

#### SECTION 7 Handling and storage

##### 7.1 Precautions for safe handling:

Protect against fire and explosion: keep away from sources of ignition – no smoking. Take precautionary measures against

static discharges. Avoid creating dusty conditions.

##### 7.2 Conditions for safe measures and storage

Product should be stored in original containers under normal conditions, keep away from medicinal products, food, drink and

animal feeding stuffs. The product should not be cumulatively stored with substances where dangerous chemical reactions are possible.

**7.3 Specific end uses(s):** None.

## SECTION 8 Exposure controls / personal protection

### 8.1 Control parameters:

### 8.2 Exposure Controls:

Technical measures: Not necessary, no exposition expected.

### Personal protective equipment:

Body protection: Commonly special body protection not necessary, regular work clothing sufficient.

Respiratory protection: Commonly respiratory protection not necessary.

Eye protection: Commonly eye protection not necessary, eye contacts should be avoided.

Hand protection: Protection gloves are not required commonly, on permanent skin contact gloves for low mechanic and substantial stress are enough. Protection gloves to be applied have to comply with the specifications of EU directive 89/686/EEC und EN 374, e.g.

Matter: Butyl rubber Thickness: > 0,4 mm Penetration time: > 30 min.

Skin protection: Skin protection products are not as effective as protection gloves, so suitable protection gloves should be preferred if possible. If protection gloves can not be worn apply water insoluble skin protection substances to clean skin before start of work and after each break and thoroughly embrocate. Before break and at end of work skin cleaning with water and soap is necessary. After cleaning fatty skin care products should be applied.

General safety and On using do not eat, drink or smoke. Avoid aspiration of dust. Change contaminated clothes hygiene measures: and don't reuse t until cleaned.

Further information: This product is classified as non hazardous. However the usual precautions for harmful chemical must be observed to avoid contact with the skin, eyes and respiratory tract.safety.

## SECTION 9 Physical and chemical properties

### 9.1 Information on basic physical and chemical properties:

#### Appearance:

Form: Solid

Odour: odourless

Colour: White

#### Safety-relevant base data

pH Value: n.a

Boiling point/range: n.a

Melting point/range: n.a

Density: n.a.

Vapour pressure: n.a

Solubility in water: n.a

Self ignition: Product is not self igniting.

Oxidising properties: n.e.

Further information: n.a. = not applicable n.e. = not evaluated

**9.2 Other information:** not available

## SECTION 10 Stability and reactivity

### 10.1 Reactivity:

Not reactive under normal conditions of handling and storage.

### 10.2 Chemical stability:

Chemically stable under normal conditions of handling and storage.

### 10.3 Possibility of hazardous reactions:

Hazardous reactions are unknown, and hazardous polymerisation will not appear.

### 10.4 Conditions to avoid:

Excessive heating, sparks or open flame.

### 10.5 Incompatible materials:

Strong oxidizing materials.

**10.6 Hazardous decomposition products:**

Carbon monoxide and dioxide, nitrogen oxides and hydrogen cyanide.

**SECTION 11 Toxicological informations****11.1 Information on toxicological effects:**

This product is not expected to cause toxicity or be irritating to skin or eyes. On appropriate handling and use as intended on our experience and on current information the product doesn't cause any effects harmful to human health.

**SECTION 12 Ecological informations****12.1 Toxicity**

Small amounts of this product are not expected to cause toxicity to the environment.

**12.2 Persistence and degradability:**

The components of this material are not persistence, and are degradable in the environment.

**12.3 Bio-accumulative potential:**

The components of this material are not biomagnified or bio-concentrated in the environment.

**12.4 Mobility in soil:**

The components of this material are not biomagnified or bio-concentrated in the environment.

**12.5 Results of PBT and vPvB assessment:**

This material does not include PBT or vPvB substances according to the REACH Annex XIII criteria.

**12.6 Other adverse effects:**

On appropriate handling and use as intended on our experience and on current information the product doesn't cause any adverse effects to the environment.

**SECTION 13 Disposal considerations****13.1 Waste treatment methods:****Disposal of residues and wastes of the product:**

Residues and wastes shall be brought to a incineration site.

European Waste Inventory No 08 04 10 Waste adhesives and sealants other than those mentioned in 08 04 09\*.

**Disposal of contaminated packaging:**

Contaminated packages shall be brought to utilisation or disposal by redemption systems or by licenced waste management services.

European Waste Inventory No. 15 01 10\* Packaging containing residues of or contaminated by dangerous substances.

**Disposal of completely emptied packaging:**

Completely emptied plastic packaging can be brought to a substantial utilisation.

European Waste Inventory No 15 01 02 Plastic packaging.

**SECTION 14 Transport information**

This product is not regulated by the U.S. Department of Transportation.

No dangerous good in the sense of ADR/RID, ICAO/IATA, IMDG.

**SECTION 15 Regulatory information****15.1 Safety, health and environmental regulations/legislations specifi for the substance or mixture:**

The product is not due to classification and labelling according to the Directives 67/548/EEC und 1999/45/EC, and to the Regulation (EC) no. 1272/2008, and to the national regulations of the EU member states.

**15.2 Chemical safety assessment:**

Chemical Safety Assessments (CSA) according to Art. 14 of the Regulation (EC) No. 1907/2006 (REACH) not available.

**SECTION 16 Other information**

Use	School and creative hobbies drawing.
Standard	This product respects the limits of heavy metals recommended by the standard EN 71.3 (chemical part of European Toy Standard)
Allergenic substances	This product does not contain Gluten, lactose, peanuts, nor extract of pit.
Warning	The information contained in this form is based on our knowledge relative to the product at the date of the last edition. They are given honest. The attention of the users is attracted to the possible risks when a product is used in other uses than those for whom it is designed.
